GRADUATION REQUIREMENTS

In order to graduate from a program of enrollment, a student must achieve a cumulative GPA of 70% within the time framework established in the institution's SAP policy. In addition, the student must fulfill all financial obligations as stated in the Enrollment Agreement.

SATISFACTORY ACADEMIC PROGRESS POLICY (SAP)

Satisfactory academic progress is defined by the average attendance and academic progress maintained by the student.

SAP - Evaluation Periods

The institution requires that all students enrolled be evaluated academically and attendance-wise in evaluation periods as follows:

First SAP Evaluation – Conducted when student completes 130 hours of instruction

Second SAP Evaluation – Conducted when student completes 260 hours of instruction

Students are required to meet the standards of academic progress that are outlined in the sections below to determine that the standards are met. These standards have multiple components (qualitative and quantitative measurements) that include a minimum cumulative grade point average requirement (CGPA); a minimum successful completion rate based on all clock hours attempted; and, a maximum time frame requirement.

SAP - Quantitative Criteria

Students must complete at least 67% of the attempted clock hours of the corresponding evaluation period in order to remain compliance with the institution's SAP Policy. Clock hour progression will be based on a cumulative total of attempted hours to earned hours. For example, a student that is in a SAP evaluation period of 130 clock hours is required to successfully complete a minimum of 87 clock hours ($130 \times 67\% = 87$).

SAP - Qualitative Criteria

Under the qualitative criteria, to make Satisfactory Academic Progress (SAP), the student must demonstrate a minimum overall cumulative grade point average (CGPA) of 2.0 at the end of the SAP evaluation period been considered.

SAP – Evaluation and Academic Probation

A student who fails to establish or maintain Satisfactory Academic Progress (fails to meet the SAP Quantitative criteria or SAP Qualitative criteria) will be placed on academic probation and maintain this status of academic probation during the following SAP evaluation period. At the end of the period in which the student is on probation, the student's overall GPA and clock hours completion percentage will be recalculated. A student will be removed from academic probation only if the student completes the appropriate percentage of coursework and earns a "C" or better in all courses attempted during the corresponding period in which he or she is on academic probation and earns a cumulative GPA of 2.0 or higher. A student that fails to earn a satisfactory SAP evaluation after completing the academic probation will be withdrawn from the program of enrollment.

SAP - Time Frame to Complete (MTF) Policy

The maximum allowable time frame for students to remain active in a program of enrollment is equal to 150% of the total hours of enrollment as specified in the enrollment agreement.

This criterion allows students to repeat courses when failed and continue in the program of enrollment as long as the total hours attempted by the student do not go beyond the 150% of the total hours of enrollment as specified in the enrollment agreement. Students still in attendance beyond the total number of hours as specified in the enrollment agreement are not required to pay a tuition charge for every extra hour attended.

Students that do not successfully complete their program when reaching 150% of total hours attempted will be automatically withdraw.

Students that have successfully completed the program are allowed to take any of the courses one more time at no charge, as long as there is space in the classroom to accommodate the additional student. In the case where there is no space in the classroom at the time the request was placed, students are provided with the time frame the course will be offered again and encouraged to confirm space availability within a week of course start.

SAP - Appeals

Any student who has been placed on academic probation but who feels that there were mitigating circumstances that caused him or her to fail the SAP standard, may file a written appeal with supporting documentation to the School's President, who will make the final decision regarding the student's appeal within 5 days. If the student's appeal is granted, the student will be reinstated to satisfactory academic progress status.
